Description

Ex-Demo Gun With a full service The Silver Pigeon I Sporting offers all the functional features of our premium over-under competition shotguns at a particularly attractive price. It is built around the best-in-class 686 action, which is compact and low-profile while being extremely strong. The Optima-Bore, Optima-Choke barrels are light-weight and place the shotgun's point of balance right at the hinge-pin, meaning lively feel in the hands and natural pointability. And with its select-walnut stock and tasteful scroll engraving, the Silver Pigeon I Sporting won't fail to turn heads at the range, also thanks to its unmistakable Beretta looks. At the heart of the Silver Pigeon I Sporting is the legendary 686 action, a long-standing favorite among competition shooters and hunters.
