
Air Arms S510 Carbine Beech .177 .177 Air Rifles

£ 860

Description

The Air Arms S510 Carbine Precharged PCP Air Rifle - Beech, The Air Arms S510 takes the proven 400 series format and gives it a new level of sophistication. This refined sporter is all about quiet precision. With its sidelever cocking and loading system effortlessly presenting each pellet to the barrel, it's easy to cycle the S510's action without even taking your eye from the scope. Accuracy is the foundation of all Air Arms rifles so expect impressively tight groups at all realistic hunting ranges, with plenty of potential in reserve. Inside the S510 its balanced firing valve metres the power, promoting the consistency so vital for accurate and totally dependable shooting. Hand built and finished in a combination of hi-gloss and semi-matt metalwork, this is a sporter designed to produce the best - from itself and its owner.
