
Walther RM 8 .177 Air Rifles

£ 510

Description

Designed and built in Germany by Umarex, this is the new Walther you've always wanted: the Walther Rotex RM8 bolt-action PCP innovation rifle with Minelli wood stock. This brand new PCP rifle is super accurate and super effective. With a beautifully chequered, top-quality Minelli wood stock, a Walther Lothar barrel with ½ inch UNF thread, 200cc bottle, and an 8-shot magazine, what more could you want! The 200cc bottle provides a very impressive 180 full-power shots, allowing you more shots between fills. This is particularly helpful on a long day's shooting. The Walther Lothar barrel is among the best in the world, with unparalleled accuracy and precision. Everything on this rifle has been thought through by Walther's world-class engineers and designers, not leaving anything to chance. If you're looking for an affordable, multi-shot PCP rifle, look no further than the Rotex RM8.
