---

**Description**

Weihrauch HW30 kit was founded in 1899 in Zella-Mehlis alongside other famous firearms manufacturers such as Walther and Anschütz. Following WWII as they were not allowed to produce firearms, Weihrauch put their efforts into making the finest sporting airguns in the world..and they still do. Weihrauch HW30 is a break barrel, spring powered air rifle designed for junior shooters. It's light, well-balanced, mid powered and upholds the Weihrauch reputation for build quality and accuracy, in fact it is a almost a scaled down version of the amazing HW99S. Features include, automatic safety catch, precision adjustable 'Rekord' match trigger, muzzle weight and an ambidextrous beech stock fitted with a rubber butt plate. This kit is supplied fitted with a Weihrauch 4x32 scope and mounts. Specification Calibre - .177 - .22 Approx power - 7 ft/lbs Stock - Walnut stained beech Overall Length - 102cm Barrel Length - 43cm Weight - 2.5kg Safety - Automatic
