
Umarex Legends MP German BB Guns

£ 325

Description

The Legends MP from Umarex is based on the classic MP40 rifle used by German forces during the second world war. It's been perfectly replicated by Umarex in this air rifle format, so you too can own a classic piece of history. The frame and exterior are made from metal for solidity and weight, with plastic to the pistol grip and fore-stock for a comfortable, firm grip. The rear shoulder stock section is made from metal and folds into the rifle so it can either be shot carbine or full length. The drop-out magazine holds two 12g capsules, as well as 50 4.5mm BBs for an amazing shooting experience. This, coupled with the blow-back effect and sound, makes this rifle a lifelike replica, perfect for the collector. It's available in either a matt black finish, or in the Legacy Model, with realistic weathering to make it look as though it's just come back off the battlefield. Specification Calibre - 4.5 mm BB Magazine Capacity - 50 shots Shoots per Capsules - approx 200 Trigger - Single Action Length - 830 mm Weight - 3.5 kg Delivery Delivery
